SUMMARY OF INFORMATION

SG1A

The [] is currently located at about 38N/160W; it is transporting a heavy load of cocaine in the form of "packaged crystals" stored in what is known as the vessel's "Secure Area" located mainly amidships and slightly forward towards the bow.

Three other vessels are concomitantly involved with the []

SG1A

SG1A [] in this illegal venture. The first vessel is known as

SG1A the [], a ship that left Hong Kong on or about 11 November 1988. A second vessel was phonetically identified as the "WESYUL/WESZUEL. A third vessel was phonetically identified

SG1A

as the []

merely described as "putters" appeared involved in off-loading activity with the []

SG1A

SG1A The [] will arrive at its destination at Cape Mendocino located in the northwest area of California, without any contraband aboard ship; it will already have unloaded its illegal contraband cargo onto the "WESYUL/WESZUEL."

Some time after 7 December 1988, the "WESYUL/WESZEL" will reach its destination in the vicinity of Queen Charlotte Island, British Columbia, Canada. It will be carrying illegal drugs in "crystal" form.
